## CHANGES MADE IN CLOSING RULES

**Some Stores Given Permission to Observe Longer Hours—Miners Have Played Havoc With Industry**

(By Associated Press)  
Louisville, Dec. 3.—Federal Manager W. L. Mapother today announced regional coal committee modifications in the fuel conservation regulations: Physicians and dentists, the announcement says, are exempt from all fuel regulations. Grocers, meat shops, milk depots and fruit stands need not close until six o'clock in evening. Laundries and cleaning establishments are permitted to observe their usual hours. Packers and handlers of perishable food productions are exempted with cotton oil mills and fertilizing plants.

Industries which have operated a double shift since October 1st, may operate 96 hours a week instead of 48. Banks and business houses may have additional hours to do necessary auditing and any store may burn a minimum light for junior work. Confectioneries or other stands where prepared food are served may open only that department before nine and after four.

## Miners Have Played the Dickens

Chicago, Dec. 3.—Further disruption of national industry because of fuel shortage brought about by the strike of bituminous miners is in prospect today. Regional directors had authority to annul passenger trains where the public will be least inconvenienced and many additional manufacturing plants throughout the country faced shutdowns, either through exhaustion of their coal supplies or the strict rationing decree by the Federal Fuel Administrators.

Meanwhile through elimination of non-essential users of power and fuel and further prospect of reduction in working staffs will soon throw out of work a number of employees several times in excess of the 400,000 miners on strike.

## CONDITIONS NEARING NORMAL IN KENTUCKY

(By Associated Press)  
Washington, Dec. 3.—Mine owners from all parts of the country gathered here to work out the details of the 14 per cent wage increase suggested by the government for bituminous miners. His several days are needed to work out the problems and present them to Fuel Administrator Garfield, for ratification.

Continued optimism in official circles is marked, but production dropped 80 per cent. The central Pennsylvania mine operators reported partial production while West Virginia, Kentucky and Tennessee representatives are confident their mine outputs will soon be back to normal. In the central district, however, hardly a pound of coal is being produced.

## BREAKS A COLD IN A FEW HOURS

**"Pape's Cold Compound" Instantly Relieves Stiffness And Distress**

Don't stay stuffed-up! Quit blowing and snuffing! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken usually breaks up a severe cold and ends all gripe misery.

The very first dose opens your clogged-up nostrils and the air passages of the head; stops nose running; relieves the headache, dullness, feverishness, sneezing, soreness and stiffness.

"Pape's Cold Compound" is the quickest, surest relief known and costs only a few cents at drug stores. It acts without assistance, tastes nice, contains no quinine—Insist upon Pape's!

Do not miss getting some of that good SORGUM from D. B. McKinney & Co., before it is all gone, phone 35 and 42.

**BARGAINS THIS WEEK**—2 big type Poland China boars, registered the best of Iowa breeding. Found by Terrill, Ky.

## THE MARKETS

Louisville, Dec. 3.—Cattle 500; hogs 3,000; sheep 100; all steady and unchanged.  
Cincinnati—Packers 25c higher \$14; Chicago higher; cattle and calves steady.

## SENATE'S WORK PUTS PEP IN GERMANS

(By Associated Press)  
Paris, Dec. 3.—Bulletin—Germany has notified the peace conference she has decided not to sign the protocol as a condition for putting the peace treaty into effect. Apparently there has been a sharp reaction in Germany from the former keen desire to have the treaty ratified. Trained observers say the failure of the United States Senate to act on the treaty apparently has emboldened the Germans in resisting the Allied demands for indemnity in sinking the German fleet at Scapa Flow and trial of German officers accused of crimes in France and Belgium.

## BRIDGE TOLL SUIT AGAIN FILED IN COURT

A new suit to prevent collection of toll at the Clay's Ferry bridge was filed in the office of Circuit Clerk James W. Wagers Tuesday. At its regular meeting Tuesday, the Fiscal Court authorized a suit to be brought by Attorney G. Murray Smith and associate counsel in the name of and on behalf of the citizens of Madison county. This will be in conformity with the opinion of Judge Shackelford's ruling on the suit which was first brought. A hearing will be had Saturday morning on the motion for a temporary injunction to prevent further collection of toll at the bridge.

## BLACK'S GRANDCHILD HAS CLOSE CALL

Quick response by two physicians to the residence of Governor Black at Frankfort Tuesday night, doubtless saved the life of his young granddaughter, Vivian Owens, of Barbourville. The child had taken a box of poison tablets from the dresser and had eaten one of them thinking it was candy. When the aunt discovered the mistake quick treatment relieved the child.

The Lexington Leader said Tuesday that when Governor Black retires from the executive mansion at Frankfort one week from today, to give place to Edwin Morrow, Kentucky's new Republican Governor, instead of returning to his old home at Barbourville, to take up the thread of his law practice which he left four years ago when he went to the State Capital as lieutenant governor in the Stanley administration, it is quite probable that he will locate in Lexington and open a law office in connection with his son, Pitzer D. Black, and his son-in-law, H. H. Owens.

## Mexico Puts Whole Thing In Hands of Carranza

(By Associated Press)  
Mexico City, Tuesday, Dec. 2.—A solution of the difficulties with the United States was entrusted to President Carranza without legislative intrusion by the Senate at a secret session held today. Relations with the United States were declared during the session to be delicate.

## Child Burns To Death At Home In Harrodsburg

In Mercer county Frank Lee McFadrigue, 18-months-old son of Mrs. Euford McFadrigue, died of burns suffered when his clothing caught fire from a blazing hearth brush with which the child was playing at an open grate when no one else was in the room. Mrs. McFadrigue made her home with her father, A. F. Leonard, one of the wealthiest men in Harrodsburg.

## Big Price At Opening Sale At Home House

## Tobacco Growers Jubilant When Market Breaks All Records For First Day's Tobacco Sales

The Home Tobacco Warehouse drew first sale at the opening of the Richmond tobacco market Wednesday morning, and then things began to happen.

It was with difficulty that the big crowd which followed Uncle Jake Berger kept from cheering in the chill December air, for the buyers began to go after every basket offered in a way that was never seen before this early in the season.

Instead of the usual four buyers for the four big companies, there was almost a dozen buyers in line. The Ancient Order of Pinhookers were on the job in full swing, and the farther they went the more interesting proceedings became.

A weed crop that sold below 40 cents was the exception rather than the rule. Only the very best trash and dust sold under 20 or 30 cents. A crop with real color and texture was good for 70 cents most any time. The top basket noticed at the morning sale brought 87 cents.

Bill Luxon fairly was in his glory. He says that he's going to show the patrons of the Home House the greatest tobacco market that they ever saw and the way he started off Wednesday morning, it looks mighty like he's going to make good. Everybody was feeling fine. The cold wave didn't give any one cold yet. The big crowd followed the buyers all day, and enthusiasm kept getting better. Tobacco farmers and growers see lots of Santa Claus this Christmas, if prices keep up this way, and it's only a question of having the right sort of crop to get the right price from the Home House, it seems. The big floor was covered, but it is believed that the sale can be practically finished today.

Altogether there is said to be over 260,000 pounds of weed on the floor for the first sale, which is going some.

Much of the tobacco sold first was of a poor quality but even the price that it brought is a good index of how the market has started off. Among the first sales noted were the following:

D. L. Kelly sold the following baskets: 145 lbs at 73c; 120 lbs at 75c; 60 lbs at 88c; 420 lbs at 79c; 345 lbs at 68c; 100 lbs at 34c; 270 lbs at 27c; 170 lbs at 10c; 110 lbs at 10c.

Crutcher and Duncan sold the following baskets: 170 lbs at 22c; 60 lbs at 30c; 205 lbs at 45c; 3 lbs at 62c.

George Moore sold the following baskets: 30 lbs at 10c; 20 lbs at 31c; 30 lbs at 61c; 20 lbs at 61c; 40 lbs at 65c; 20 lbs at 46c.

John McNally sold the following baskets: 60 lbs at 16c; 70 lbs at 66c; 30 lbs at 42c; 50 lbs at 30c.

H. P. Barclay sold the following baskets: 135 lbs at 63c; 85 lbs at 45c; 110 lbs at 50c; 45 lbs at 25 1-2c.

Jim Payne sold the following baskets: 45 lbs at 18c; 35 lbs at 18 1-2c; 55 lbs at 52c; 45 lbs at 75c; 80 lbs at 70c.

## Lexington Opens High

Tobacco growers were greatly encouraged at the prices paid at the opening sales in Lexington Tuesday. A total of 256,590 pounds were sold at an average of \$6.09 for the day. The top price of the day, \$1 a pound, was paid for sixty pounds of a 460 pound crop raised on one-quarter of an acre by W. M. Alexander, a Fayette county negro. Another basket in this crop, weighing 120 pounds sold for 90 cents.

Among the sales reported there were 4,556 pounds by Webb and Burgess of Madison for \$2,412.87.

## CANTRILL GOES TO BAT FOR TOBACCO GROWERS

Congressman Cantrill always goes to the front whenever the interests of the tobacco growers are jeopardized. A dispatch from Washington said today: Congressman J. Campbell Cantrill, of the Seventh Kentucky district, today appealed to Dr. Garfield, director of the Fuel Administration for a supply of coal for Central Kentucky for use in redrying the tobacco which is expected to be sold at the Kentucky markets this week. Telegrams have been received by Mr. Cantrill from the Board of Commerce, the Lexington Tobacco Association, the Tobacco Board of Trade and from many individuals in Central Kentucky, calling attention to the serious situation which will arise in case coal is not forthcoming for the use of tobacco purchasers. He has been informed there is not a week's supply of coal in Central Kentucky and that serious loss will result in case fuel cannot be had.

Mr. Cantrill, in bringing the matter to the attention of Dr. Garfield, stated that 25 per cent of the entire tobacco crop of the United States is produced within 50 miles of Lexington, while half the entire crop is produced in Kentucky. He said if fuel is not supplied for redrying the tobacco after it comes off the loose leaf floor the tobacco market will be completely shut down and many millions of dollars will be lost by the farmers of Kentucky as well as by dealers and manufacturers all over the United States. Mr. Cantrill is hoping for information from Mr. Garfield tomorrow to the effect that coal will be sent to the districts covered by the tobacco markets to prevent the loss of the crop.

## STOCK ELECTIONS HELD INVALID

**Judge Price Hands Down Opinion Because of Legal Technicalities**

Due to the fact that certain technicalities of the law were overlooked, the stock law elections held in five precincts in Madison county on November 4th, were declared null and void by Judge W. K. Price in county court Monday. In three of the precincts the law "carried"; in one the question was not decided as the vote was a tie and in one precinct the vote was adverse.

Owing to failure to properly order and advertise the calls for the election in the various precincts, as required by law, Judge Price gave a formal opinion that the election had to be set aside. He wrote out an opinion in the case in full. There was much interest in these elections in several of the precincts and the question was hard fought. It is understood that elections will be held next year, with all formalities fully carried out as required by law so as to leave no loophole.

Judge Price's formal opinion in the cases is as follows:

It appears to the court that the petition in each of the above styled proceedings has heretofore been filed in accordance with section 4646 of the Kentucky Statutes, and the Fiscal Court duly entered of record its proper orders in each case, and the requisite amount of money, to-wit, \$25, was deposited by the petitioners in each case with the County Court, as required by said section, and that the proper question as defined in the Fiscal Court orders, was duly caused by the County Clerk to be printed on the ballots for each precinct in which the vote was to be taken under the aforesaid orders, and that said question was voted on by the electors in the precinct designated in each of the above indicated petitions, at the November election, 1919, and the result thereof announced as required by section 4650 of said Statutes. The result being as follows:

Kingston precinct, yes, 103; no, 90;  
Poosey precinct, yes, 99, no, 46;  
Newby precinct, yes, 114, no, 100;  
Biggerstaff precinct, yes, 93, no, 93;  
Valley View precinct, yes, 49, no, 70.

Nevertheless, it further appears and is made known to the court that no order was entered of record by this court directing the election officers in each of said precinct to open a poll as provided by said section 4646 and that notice of submission or intended submission of said question at the election aforesaid was not given or published as required by section 4647 of said Statutes,—in fact, the requisite notice was not made or published at all,—now, therefore, the court having duly considered the premises and each case, is of the opinion that the submission of said question at the November election, 1919, was without statutory authority, and the voting thereat on said question was void, and it is accordingly adjudged that insofar as concerns the voting on the said question thus submitted, said election was void, and that a void election is no election in legal effect.

Wherefore, it is ordered that the official announcement of the result of the voting in each of said precincts on said question be not received by, and be not spread upon the records of this court,

## EXCESS PROFITS TAX CAUSE OF H. C. I.

**Glass Says It Has Been Passed On To Consumer—No Tax Reduction In Sight**

(By Associated Press)  
Washington, Dec. 3.—No appreciable reduction in taxes for the next fiscal year is to be thought of, Secretary Glass declared in his annual report sent today to congress. Government receipts must be kept at their present figure, he said, in order to bring government borrowing to an end.

Facing expenditures estimated at \$5,629,486,359 for the year ending June 30, 1920, and \$4,473,696,358 for the year ending June 30, 1921, the government must enforce rigid economy, Mr. Glass declared. He placed the deficit for the current year at \$3,905,000,000 and for the year ending June 30, 1921, at approximately \$2,005,000,000.

On this basis, Mr. Glass urged congress to deny "every appropriation for expenditure in new fields." He said the same policy should obtain until the government had its sinking fund well under way and repayment of the war debt "satisfactorily begun."

Mr. Glass charged that excessive government expenditures were "the most vital factors," in increasing the cost of living and argued that it was urgently necessary to keep down public expenses for this reason as well as because of the drain on the taxpayers.

The present revenue laws need revising to meet new conditions, he said. He referred particularly to the excess profits tax laws which he described as being "objectionable even as a war time expedient." It would be still more objectionable in peacetime, he added. "Less harmful forms" of deriving funds for the government should be employed, the secretary said, adding that the excess profits tax has been responsible for much of the increase in living costs because it had been passed on to the consumer.

"It encourages wasteful expenditures, puts a premium on over capitalization and a penalty on brains," the secretary continued. "It discourages new ventures and new enterprises and establishes old ventures in their monopolies. In many instances, it acts as a consumption tax, is added to the cost of production upon which profits are figured, determining prices. It has been, and will, so long as it remains on the statute books, continue to be a material factor in the increased cost of living."

**"The Miracle Man" Coming**  
A superb, dramatic Paramount-Artcraft feature, "The Miracle Man," which will be on view at the opera house matinee and night Dec. 8th and 9th, is declared to be one of the really great screen dramas of recent years. It was written by Frank L. Packard and produced as a stage play by George M. Cohan and packed the Broadway theatre in the season of 1916-17, where it played

for many months. The screen version is said to be even more absorbing and thrilling in its development of the striking story, which shows the marvelous transformation under the beneficent influence of an ennobling environment of four of the most notorious crooks of New York's underworld.

Hearing of the healing powers of this old man of the hills, from Burke and his band determine to capitalize them to enrich themselves. Little did they reckon that in their new field of operations they were destined to undergo magical transformation and this forms the basis of one of the most thrilling stories ever screened.

**Red Cross Seals Sale Is Started**  
Thousands of Red Cross Christmas seals were sold Monday in the campaign for a fund to keep up the war on tuberculosis in Kentucky, but many thousands more must be sold if the sale is to end December 10 as planned. The sales Monday far exceeded the first day of any previous sale of the little Red Cross seals and the promoters hope the sale can be concluded December 10 with the quota of \$130,000 for Kentucky sold.

## CONVALESCENTS BUILD UP ON PEPTO-MAGAN

Increases The Supply Of Rich Red Blood—Restores Strength And Vigor

Physicians Recommend It  
Sold In Liquid And Tablet Form—The Name "Gude's" The Guide To Genuine Pepto-Mangan

A serious illness such as Influenza or other infectious disease always leaves the body with low vitality, lack of strength and impoverished blood.

Gude's Pepto-Mangan aids convalescents to a quick recovery, for it creates a generous supply of rich, red blood and restores the body to its normal, healthy condition.

That's why physicians recommend Pepto-Mangan, for they know that it imparts to the blood the material so sorely needed by the weak, run-down systems.

Pale, sallow, thin, easily-exhausted men and women find that Pepto-Mangan builds them up wonderfully. A new supply of rich, red blood is created which in turn imparts the glow of health to the cheeks, increases the appetite, the eyes sparkle, the entire system takes a new lease on life.

Pepto-Mangan is obtainable in liquid or tablet form, whichever proves most convenient. Both forms possess identical medicinal qualities.

There is but one genuine Pepto-Mangan and that is "Gude's." Ask your druggist for "Gude's" and look for the name "Gude's" on the package. If it is not there, it is not Pepto-Mangan. adv.

## TELL THE WORLD THIS WOMAN SAYS

That Lydia E. Pinkham's  
Vegetable Compound made  
Me a Well Woman.

Los Angeles, Cal.—"I suffered with female troubles for years, was sick most of the time, was not able to do my own housework, and I could not get from doctors. I saw Lydia E. Pinkham's Vegetable Compound advertised in the newspapers, and took six bottles, and am a well woman. You can use my name to tell the world the good your medicine has done for me. I shall praise it always."—M. DEVINE, 647 St. Paul Avenue, Los Angeles, Calif.

Women who suffer from any form of weakness, as indicated by displacements, inflammation, ulceration, irregularities, backache, headaches, nervousness or "the blues," should do as Mrs. DeVine did, and give Lydia E. Pinkham's Vegetable Compound a thorough trial. For over forty years this famous remedy, which contains the curative, strengthening properties of good old fashioned roots and herbs, has been correcting just such ailments. If you have mysterious complications write for advice to Lydia E. Pinkham Medicine Co., Lynn, Mass.

## YOU NEED NOT SUFFER FROM CATARRH

But You Must Drive It Out of  
Your Blood.

Catarrh is annoying enough when it chokes up your nostrils and air passages, causing difficult breathing and other discomforts. Real danger comes when it reaches down into your lungs.

This is why you should at once realize the importance of the proper treatment, and lose no time experimenting with worthless remedies which touch only the surface.

To be rid of Catarrh, you must drive the disease germs out of your blood.

Splendid results have been reported from the use of S. S. S., which acts on the catarrh germs in the blood.

If you wish medical advice as to the treatment of your own individual case, write to Chief Medical Adviser 42 Swift Specific Co., Atlanta, Ga.
